

Strengthening our community one student at a time.

2020-21 Mission

The Skyline High School PTSA supports staff, students, and families at Skyline. We strive to strengthen our community one student at a time by working closely with the Skyline administration and key partner organizations, including ASB, Booster Club, Issaquah PTSA Council, and Issaquah Schools Foundation. We provide meaningful programs, effective advocacy, and financial support to Skyline High School staff, students and community.

2020-21 Goals

- Develop new leaders
- Expand the Outreach Program, with emphasis on both new and existing families
- Maintain membership and fundraising efforts by focusing on specific items, increasing donations and retaining members
- Commit to acknowledging and recognizing all volunteers
- Increasing our web and social media presence to inform all members of current events and activities sponsored by the PTSA
